

through their class's exhibit "Sunset of Our Memories" should be commended.

This amazing class is one of its kind in Florida and has brought to our community this important presentation so that we can always remember the brave victims of the most deplorable time in the world's history. Over the past 3 years, 9,000 people have visited Sunset High School's interactive exhibit. One visitor commented that it was the best exhibit, next to the one in Washington, D.C., that he had ever seen.

I again want to express my sincere gratitude to Mr. Irv Madnikoff and his students at Miami's Sunset High School for taking an active role in keeping alive the memories of innocent Holocaust casualties.

CONDEMNING TERRORIST MURDERS IN ISRAEL

(Mr. LANTOS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANTOS. Madam Speaker, while America slept, another suicide bomber hit in Israel. Sixteen innocent people were killed, over 50 people were wounded, many of them critically. Our population is 50 times that of Israel. On a comparable scale, this would be like reading in our morning paper that 800 American citizens were massacred overnight, with some 2,500 wounded, many critically.

In his speech at West Point, the President clearly stated, "The only way to deal with terrorists is by preemptive action." We will have to do this wherever terrorists are planning to hit us, and the Israelis have to do it to protect their own citizens. This pattern of murder must come to an end.

ELIMINATING THE UNFAIR DEATH TAX

(Mr. REHBERG asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. REHBERG. Madam Speaker, 2 decades ago Ronald Reagan reminded America that government does not tax to get money it needs, but will always find a need for the money it gets.

The death tax is an unfair burden designed to punish families that work to leave a better future for the next generation, and it is a tax the government can do without. Despite the class warfare being waged by some in this Chamber, eliminating the estate tax is not a tax cut for the rich; it is a desperately needed reform to save thousands of family businesses, farms and homes.

Madam Speaker, death should not be a taxable event. I urge my colleagues to abandon the gains of class warfare and send the Grim Reaper home empty handed this year by eliminating the death tax.

PROVIDING A FAIR PRESCRIPTION DRUG PLAN FOR SENIORS

(Mr. STUPAK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STUPAK. Madam Speaker, the Bush administration wants to give seniors a prescription drug card that may save you 15 percent on your prescription drugs. "May save you."

Prescription drug charges are manipulated by the pharmaceutical companies. Take a look at this chart here in my district. When they bought their drugs with their card, they saved 12 cents. They advertised 30 to 40 percent savings, but actually saved 12 cents. When they came down here to buy their Combivent and their Diltiazem, if you take a look at it, with their card, they paid \$81.43. The cash price was \$47.49. There was no savings. The actual out-of-pocket increase was \$33.94. The drug companies manipulate these prices with or without a card.

The Democrats have a real plan. We believe every senior should have a prescription drug plan covered underneath Medicare and lower prices of the prescription drugs that we all need and use. So I would urge this body to reject any of the other plans that provide a card which is manipulated by the pharmaceutical companies and actually costs us money.

CONGRATULATING THE U.S. MEN'S SOCCER TEAM

(Mr. WALSH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WALSH. Madam Speaker, early this morning while most Americans were sound asleep, about 1 billion people from all over the globe, myself included, watched a group of talented young American athletes do something truly remarkable.

Against all odds, the U.S. Men's Soccer Team defeated Portugal in the first game of the 2002 World Cup. The Portuguese were one of the favorites to win the World Cup outright, but our team prevailed 3 to 2. And it was no fluke. We took them apart in the first half with slashing attacks, and wore them down with tough defense in the second half. It was a balanced effort with everyone contributing under Coach Bruce Arena's guidance.

The win gave the U.S. the opportunity to move into the quarter finals, but they have more work to do. They play the host team Korea and then Poland, with the two best teams from the group moving on.

These young men have already exceeded expectations. They are off to the best start for any American team in history. Please tune in. Set the alarm clock for an early rise, brew some strong coffee and enjoy a great spectacle. They deserve our support.

SALUTING THE CITY OF CLEVELAND ON NEW SCHOOL

(Mrs. JONES of Ohio asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. JONES of Ohio. Madam Speaker, this morning I rise to salute the city of Cleveland; the CEO of the Cleveland Municipal School District, Barbara Byrd-Bennett; former mayor, Michael White; current mayor, Jane Campbell, because yesterday we broke ground on the first brand new school in the city of Cleveland in more than 20 years, AJ Rickoff Elementary School.

□ 1100

It will not only be a school center, but it will also have a library, and hopefully opportunities for parents to train from CCC College or Kiowa Community College.

It is just a wonderful thing, after Issue 14 passed last year, that we were able to break ground on a new school. We anticipate that we will build more than 40 new schools in the city of Cleveland over the next 5 years. Here is for education, here is for the Cleveland Board of Education, the Cleveland School Board, and here is for the children of the city of Cleveland.

I am thankful for the opportunity to be supportive. Let us build more schools.

OPPOSING RESURRECTION OF THE DEATH TAX

(Mr. RYUN of Kansas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RYUN of Kansas. Madam Speaker, I rise today to speak out against resurrecting the death tax. This tax allows the Federal Government to take up to 55 percent of the assets of an individual or small business when the owner dies, and this simply is not fair. These people have already paid taxes on everything they own. The death tax is simply a double taxation at the rate of nearly 50 percent higher than the highest income tax.

Countless farmers and small business owners in Kansas have urged me to do all I can to end this unfair tax. Who can blame them for wanting to leave their hard-earned businesses to their children?

I am proud that last year we voted to phase out the death tax, but this will become a hollow victory if a Senate provision allowing the death tax to be resurrected at the end of 7 years is allowed to stand. I am forced to tell my farmers and small businessmen that the death tax will not affect them, but only if they die in the year 2010.

Death should not be a taxable event. Let us finish what we started and kill the death tax once and for all.

PRESCRIPTION DRUGS

(Mr. RODRIGUEZ asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. RODRIGUEZ. Madam Speaker, today I rise once again to ask for us to look at the prescription drug plan that would provide our seniors with immediate relief. As prices continue to soar out of control, our seniors struggle on fixed incomes. They struggle to pay for their blood pressure prescriptions, they struggle to pay for their anti-inflammatory medication that costs over \$1,800 a year.

Our seniors deserve better. They deserve to live their lives in dignity and without anxiety over whether they can eat or pay for their medication, or whether they can turn their heaters on or their air conditioners on. It is with great frustration that I continue to ask the Republicans to do the right thing, but they continue to push a limited plan that will not work. It will leave too many seniors behind.

Madam Speaker, it is time for us to bring a real prescription drug plan to the floor, one that is voluntary, one that is universal, one where every senior would have access, no matter where they live or what they do. Let us do the right thing and respond to our seniors.

CONGRATULATIONS TO THE U.S. SOCCER TEAM

(Mr. DREIER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DREIER. Madam Speaker, I would like to join my colleague, the gentleman from New York (Mr. WALSH), in extending congratulations to the U.S. Soccer Team.

Clearly, the greatest upset of the World Cup tournament has been this win of the U.S. team over Portugal. Coach Arena was extraordinarily bold in putting two great 20-year-olds in to ensure that they would have the chance to play a role in leading this team to victory.

Landon Donovan and DaMarcus Beasley are two new players who are obviously fighting very, very hard on behalf of the United States. As we head into the quarter finals, as the gentleman from New York (Mr. WALSH) said, there are a billion people around the world who are following the World Cup, and I hope very much that more Americans are among them as we see a spectacular U.S. victory.

MIRANDA GADDIS AND ASHLEY POND FROM OREGON ARE STILL MISSING

(Ms. HOOLEY of Oregon asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. HOOLEY of Oregon. Madam Speaker, on June 3 People Magazine featured two young women. I come before this House again today to alert those who may be watching in Oregon and across the Nation to the tragic

plight of two young teenagers from my district.

Miranda Gaddis and Ashley Pond, both 13 years of age, students at Gardiner Middle School in Oregon City and teammates on the school dance team, have been missing now for almost 3 months and 5 months. Ashley disappeared January 9; Miranda, March 8. Oregon City was shocked by the abduction of Ashley in January, and paid extra attention to keeping their children safe. Two months later and with their guard still up, the unthinkable happened and Miranda disappeared.

Both Ashley and Miranda were last seen by their mothers early in the morning as they left their homes at the Newell Village Creek apartments to catch the school bus. The FBI has confirmed that the disappearances appear to be related and that foul play is likely to be involved.

If Members have any information regarding Ashley or Miranda's whereabouts, I ask them to please contact their local FBI office. Let us not forget about our children. Let us not give up hope about our missing children.

PRESCRIPTION DRUG COVERAGE

(Mr. BACA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BACA. Madam Speaker, I stand in support of a comprehensive prescription drug plan. We need to do something for our seniors. Seniors are the ones that made our country great, and too often we forget their contribution and what they have done.

We have a responsibility. Today many of them are faced with a crisis, and I say with a crisis, because now they have to pay an abundance of dollars on a fixed income. It becomes so difficult for our seniors to put food on the table when they have to decide what to do: "Do I pay for medication that will relieve the pain and agony that I have?"

Some of these seniors have 15 to 30 prescription drugs that they have to pay for. It is too high. It has gotten ridiculous. This is not about profit, this is about taking care of the American people. This is about taking care of our seniors. We need to make sure that we come up with a comprehensive medical plan that covers them. We owe it to our seniors and we owe it to Americans, we owe it to this country.

I say, let us get behind a good, comprehensive plan that covers our seniors. They have suffered enough. Let us help them.

CONFERENCE REPORT ON S. 1372, EXPORT-IMPORT BANK REAUTHORIZATION ACT OF 2002

Mrs. MYRICK. Madam Speaker, by direction of the Committee on Rules, I call up House Resolution 433 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 433

Resolved, That upon adoption of this resolution it shall be in order to consider the conference report to accompany the bill (S. 1372) to reauthorize the Export-Import Bank of the United States. All points of order against the conference report and against its consideration are waived.

The SPEAKER pro tempore (Mrs. EMERSON). The gentlewoman from North Carolina (Mrs. MYRICK) is recognized for 1 hour.

Mrs. MYRICK. Madam Speaker, for purposes of debate only, I yield the customary 30 minutes to the gentleman from Texas (Mr. FROST), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for purposes of debate only.

Madam Speaker, yesterday the Committee on Rules met and granted a normal conference report rule for the Senate bill, S. 1372, the Export-Import Bank Reauthorization Act of 2002. The rule waives all points of order against the conference report and against its consideration.

In addition, the rule provides for 1 hour of debate, equally divided and controlled between the chairman and ranking minority member of the Committee on Financial Services.

Madam Speaker, this should not be a controversial rule. It is the type of rule we grant every time for every conference report we consider in this House. The conference report itself is a strong step forward to help American manufacturers, American workers, and the American economy.

Madam Speaker, the Export-Import Bank Reauthorization Act of 2002 reauthorizes the bank for 4 years. The Ex-Im Bank plays a key role of promoting U.S. exports overseas and leveling the playing field of international trade, which is especially important to my area in North Carolina. The bank is an important tool for American manufacturers, enabling them to reach markets in which they would otherwise be closed out.

By reauthorizing the Ex-Im Bank, we demonstrate our commitment to promoting U.S. goods throughout the world and the U.S. economy at home. It has important provisions that encourage small business transactions by increasing the small business mandate for Ex-Im from the current statutory minimum of 10 percent to a minimum of 20 percent of total Ex-Im financing, and that will help small business. It gives them a bigger share of the pie.

It also requires Ex-Im to conduct outreach and increase loans to socially-disadvantaged individuals, our women, and to businesses which employ fewer than 100 employees; again, a big help, especially when so many corporations and small businesses in our country are starting to do more export.

That is especially true in my area. We have a lot of small businesses that are exporting in the last couple of years North Carolina products that had never done that before, so we are always looking for ways to encourage that.
